

The Golden Valley Repair Café

is pleased to announce its first session to be held

at **Kingstone Church**
on **Saturday 1st July**
from **10am to 1pm**

We will have repairers who can mend:

small electrical appliances (toasters, kettles, radios, etc)

Bicycles (loose chains, brakes, etc)

clothing (knee & elbow patches, tears, etc)

small wooden items (drawers, chairs, stools, etc.)

The Café will be open to serve tea, coffee, cold drinks, Cakes, biscuits and even the odd sandwich.

If you have something you would like repaired please
e-mail gvrepaircafe@gmail.com or call Bill on 01432 507006.

Tell us what you are bringing to be repaired and we will book you a time slot to see a repairer. If you just turn up on the morning we will do our best to get you to see a repairer, but that may not be possible. Alternatively, why not come along for a drink and a bite to eat and see what goes on in a Repair Café. Your support will help to make our first session go with a swing.

Don't worry if you can't make the first session, we will be running a Repair Café on the first Saturday of each month.

**In August we will be in Ewyas Harold and
in September we visit Dorstone.**

*So look out for us and
save your broken items for repair, don't just throw them
away!*
